

Rooster Booster 4-2.5-2

- Pelletised organic chicken manure.
- Ongoing and steady nutrient release.
- Excellent renovation amendment.
- Pelletised for easy spreading.
- Contains calcium, magnesium, sulphur, copper and boron.
- Great for sandy turf surfaces either as a topical fertiliser or as an amendment at renovation or construction.

Benefits

- Organic, therefore suits those who do not want to use synthetic fertilisers.
- Requires conversion by soil microbes to a form of readily available nutrients to the plant – therefore provides some slow release characteristics.
- Promotes strong root growth and corrects poor cation exchange capacity (CEC) levels.

General information

Organic fertiliser (chicken manure) for healthy robust turf.

Application rates

Apply 25-50 g/m² (250-500 kg/ha)

Caution: Water well after application to avoid burn.

Pack size: 25 kg and bulk bags if required.
