

Product Data Sheet

Vital Bon-Matt Stonewall (IGD)

Ready To Use

Description

A multipurpose, water-based copolymer emulsion dust suppressant and erosion control agent designed for applications over numerous surfaces where strong, durable and flexible surface conditions are required.

Vital Chemical's Ready to Use range deliver fast, consistent and highly effective erosion control with no mixing, stand pipes or risk of incorrect dilution. Pre-mixed for efficiency and easy to handle and transport, **Vital Bon-Matt Stonewall (IGD) Ready To Use** reduces fuel consumption, streamline onsite workflow and deliver immediate, consistent performance at a C-Factor 0.1 equivalent to 80% grass cover.

Recommended Applications

All erosion/sediment control and dust suppression applications including haul roads, civil construction, unsealed roads, traffic areas, areas of soil erosion, broad acre areas, long-term sealing, tailing dams, rail wagon veneering and stockpile applications.

Suitable for use on traffic areas and areas of harsh environmental conditions.

Features

- No mixing or stand pipes;
- No mistakes with dilution rates;
- Reduced fuel consumption;
- Easy to handle and transport;
- Instant C factor 0.1 equivalent for 80% grass cover;
- Highly effective dust abatement;
- High wind speed resistance;
- Highly effective erosion control and stabilisation;
- Long-term capping;
- A strong, durable and flexible veneer over the applied surface;
- An environmentally safe product with inert degradation products;
- No polyacrylamide resins (no PAMs - no neurotoxic effects);
- High molecular weight polymers.

Specifications

Appearance	GREEN LIQUID	Solubility (water)	SOLUBLE
Odour	SLIGHT ODOUR	Vapour pressure	NOT AVAILABLE
Flammability	NON FLAMMABLE	Upper explosion limit	NOT RELEVANT
Flash point	NOT RELEVANT	Lower explosion limit	NOT RELEVANT
Boiling point	NOT AVAILABLE	Partition coefficient	NOT AVAILABLE
Melting point	NOT AVAILABLE	Viscosity	NOT AVAILABLE
Evaporation rate	NOT AVAILABLE	Explosive properties	NOT AVAILABLE
Specific gravity	1.0 (Approximately)	Oxidising properties	NOT AVAILABLE
Vapour density	NOT AVAILABLE	Odour threshold	NOT AVAILABLE
Autoignition temperature	NOT AVAILABLE	pH	7.0 – 9.5
Decomposition temperature	NOT AVAILABLE		

Product Data Sheet

Vital Bon-Matt Stonewall (IGD)

Ready To Use

Application Directions

Vital Bon-Matt Stonewall (IGD) Ready To Use is applied via water cart dribble bar, hand spray applications and spray nozzle veneering rail wagon systems. Cannon side sprays and hand spraying are effectively utilised for stockpile embankment and other erosion control applications.

It is preferable for road areas to be dressed prior to application for product and road longevity.

Vital Bon-Matt Stonewall (IGD) Ready To Use is supplied in a pre-mixed formulation. No additional mixing or water is required prior to product application.

Vital Bon-Matt Stonewall (IGD) Ready To Use should not be applied before rain or wind events without allowing for appropriate drying time (4 to 6 hours).

Dilution Rates

Vital Bon-Matt Stonewall (IGD) Ready To Use has been supplied at a 10% solution strength. A generalised surface coverage equates to: **1L solution : 1m² surface**

Maintenance

Maintenance will vary according to site specifications. Once effectiveness is reduced, more dilute **Vital Bon-Matt Stonewall (IGD) Ready To Use** applications can be employed if required for water cart and hand spray applications.

Cleaning of Water Cart and Pumps

Water cart pumps and application devices must be flushed with water immediately after **Vital Bon-Matt Stonewall (IGD) Ready To Use** application runs.

Shelf Life

Vital Bon-Matt Stonewall (IGD) Ready To Use should be stored at a temperature of min. +5°C to max. +45°C. Shelf life is approximately 12 months.

Vital Bon-Matt Stonewall (IGD) Ready To Use must be kept in closed drums/containers or closed tanks. Containers must be closed tightly to avoid contact with air, which can contribute to product contamination.

Packaging

Vital Bon-Matt Stonewall (IGD) Ready To Use is supplied in 20L, 1000L IBCs and bulk volumes.

Precautions

Vital Bon-Matt Stonewall (IGD) Ready To Use contains no hazardous substances requiring labelling. For more information, refer to Safety Data Sheet.

For any further product or application advice or instruction, contact Vital Chemical Pty Ltd.

Ensure product is not sprayed, applied or enabled to enter waterways and water systems.

Contractors must undertake appropriate risk assessments to ensure the safe delivery of the product to the application area.
