

DuraVeg[®] Kerbside Persist

Key features:

- Diverse species mix
- Rapid establishment, even in difficult sowing conditions
- Suppression of undesirable weeds
- High turf quality even under minimal management inputs

DuraVeg Kerbside Persist contains a blend of fast establishing hardy cultivars ideal for sowing into nature strips and sites under development. Often these sites have limited to no water supply and are devoid of nutrients. DuraVeg Kerbside Persist will ensure turf grass quality is produced for an economical price.

Species
Perennial ryegrass
Creeping red fescue
Browntop
Tall Fescue
