

**Stamina<sup>®</sup> NOW** tablets offer a unique delivery system for the rapid treatment of Localised Dry Spot (LDS). Each tablet contains wetting agent and specially selected amino acids to quickly re-wet, revitalise, and support rapid recovery from wilt and water deficit. The tablets are designed to fit most hose-end applicators used for hand-held treatments of hydrophobic soils in turf.

**ACTIVE INGREDIENTS (per 170g tablet)**

100% non-ionic surfactant. Also contains amino acids.  
Each pack contains 6 x 170g tablets (not sold separately)

# STAMINA<sup>®</sup> NOW

+ AMINO ACID

**ACTIVE INGREDIENTS (PER 170g TABLET):**  
100% non-ionic surfactant. Also contains amino acids.

**CONTENTS**  
6 x 170g tablets (not sold separately)

**DIRECTIONS FOR USE**

**Stamina NOW** tablets are designed to fit most hose-end applicators enabling quick, convenient and effective treatments of hydrophobic soils in turf. One **Stamina NOW** tablet will treat from two to three golf greens, or approximately 1,100m<sup>2</sup> - 1500m<sup>2</sup> of turf. The tablet will dissolve and disperse fully in approximately 30 minutes utilizing a 1" hose with up to 100 psi. The total water volume applied with the use of one **Stamina NOW** is determined by water pressure, temperature and flow rate and will ultimately be determined by the applicator.

**STORAGE AND DISPOSAL**

Store tablets in a cool, dry location. Avoid high temperatures. Dispose of in accordance with local regulations.

**PRECAUTIONARY STATEMENTS**

**CAUTION:** Avoid contact with eyes and skin. Impervious gloves and safety glasses are recommended for use when applying. Product may cause temporary eye irritation. In the event of accidental eye contact, flush immediately with water for 15 mins and seek medical attention.
